

# Benjy Davis

Raised in Louisiana, Benjy Davis began his career in the late 90s as a folk-rock musician and quickly grew his 6-piece band into the nationally acclaimed southern rock group - The Benjy Davis Project. After leading the group for 9 years through 37 states as they performed his 42 authored songs, Davis continues to pen and perform as a solo artist across the country.

“...an unabashed sensuality and fearlessness that is refreshing.” – Toledo Blade

“ Looking for a band that has a singer who can fill the air with hope and, at the same time, catch the darkness in his hands? Benjy Davis has been doing just that the past five years...” — Studio City
