Call it Prairie Noir or Canadiana Desert Rock: Abigail Lapell sings haunting, gorgeous modern folk songs. The Toronto songwriter and multi-instrumentalist returns with *More Songs About Love* (2025), an extended companion to her JUNO-nominated 2024 album *Anniversary*. An evocative collection of original love songs, *Anniversary* was produced with Great Lake Swimmers’ Tony Dekker and recorded in a 200-year-old Church. Dekker helped shape the sessions’ spooky, resonant sound and also lent his voice to a few spellbinding duets.

Dekker and Lapell assembled a stellar cast of musicians to support Lapell’s powerhouse vocals, piano, harmonica and signature fingerstyle guitar. *More Songs About Love* features eight new stripped-down tracks, including a French version of crowd favourite “Rattlesnake” and Lapell’s unique take on a handful of classics. Balancing upbeat earworms with elegiac ballads, the collection ultimately emerges as an earnest celebration of love.

Over the past six years, Lapell has garnered four Canadian Folk Music Awards, hit number one on Canadian folk radio and reached a staggering 60 million + streams across digital music platforms. She tours widely across North America, Europe and the UK, performing on vocals, piano, harmonica and signature finger-style guitar.
